## Honoring Our Commitment to America

Dear Colleagues & Friends:

I am privileged to present the Congressional Black Caucus 1<sup>st</sup> Quarter Session Report for the 110<sup>th</sup> Congress. Within this summary, you will find a composite of CBC Move-ment over the past six months, summarizing our efforts to afford every American access to the American dream. From hosting international delegations and promoting cultural enrichment to improving children's and senior health coverage and protecting Black farmers, our caucus is delivering on the promise to ***change course, confront crises and continue the legacy.***

As legislators and appropriators our fingerprints are on meaningful pieces of legislation designed to build stronger and healthier families by:

- Raising the Minimum Wage
- Securing Disaster Relief Funds for the Gulf Region
- Strengthening Rural Communities, HBCU’s, Nutri-tion, and Black Farmers in the Farm Bill
- Increasing Children’s Health Care Coverage in SCHIP, Reducing Co-Payments for Seniors, Dental and Mental Health for Children, and Enriching the Coverage for End Stage Renal Disease (ESRD) in the CHAMP Act

Looking ahead to the next six months, we will continue to galvanize America’s youth and frame the alternative energy discussion. With your assistance, we can unleash our collective power and advance our agenda. I invite you to share this document with your associates and visit our new interactive website at [www.thecongressionalblackcaucus.com](http://www.thecongressionalblackcaucus.com), to participate in our blog discussions and track the CBC’s Commitment to America.

Sincerely,
